SUMMARY

I am a passionate Full Stack Developer who loves building web and mobile apps. I have worked with the **MERN stack** and **React Native**, and completed two internships where I built and shipped real projects. I enjoy solving problems, writing clean code, and learning new technologies. I have a good understanding of **Data Structures**, **OOPs**, and **Databases**, and I work well both on my own and in a team.

INTERNSHIP

Ardent Computech Pvt. Ltd.
Full Stack Web Development Intern – MERN Stack *Kolkata, India*

- Built and deployed full-stack web apps using **MongoDB, Express.js, React.js, and Node.js**, focusing on clean UI and smooth user experience.
- Created RESTful APIs, connected them with React.js frontend, and used **Git/GitHub** with agile practices including code reviews and sprint planning.

Recuva Technologies Pvt. Ltd.
MERN Stack Development Intern *Kolkata, India*

- Built full-stack features for live web apps using the **MERN stack**, contributing to both frontend and backend.
- Designed secure backend APIs with proper data handling in **MongoDB** and followed agile practices with daily standups and Git-based version control.

PROJECTS

Geo-Location Based Attendance System | Expo (React Native), Node.js, MongoDB

- Built a mobile app where students/employees mark attendance only when physically present at the right location using **GPS-based geofencing**.
- Added **face recognition** for identity check, **Cloudinary** for image storage, **JWT** token-based auth, and a real-time **admin dashboard** for tracking records.

Job Board Platform | MERN Stack

- Built a full job portal with **separate admin and user panels** where companies post jobs and seekers search by category, location, or keyword and apply with resume upload.
- Included **job alerts**, save-for-later, and cover letter upload to give users a complete and smooth job application experience.

EDUCATION

Heritage Institute Of Technology
B.Tech – Information Technology | ***CGPA: 7.09*** *Kolkata, India*

Saroj Mohan Institute Of Technology
Diploma – CST | ***CGPA: 8.8*** *Kolkata, India*

S S D & A S H/S Balua Bhojpur
10th | ***Percentage: 60.9%*** *Arrah, India*

TECHNICAL SKILLS

Languages: HTML, CSS, C++, Java, JavaScript, SQL
Frameworks & Technologies: ReactJS, NodeJS, ExpressJS, MongoDB, React Native
Tools: VS Code, Postman, Git/GitHub, Dev++
Core Concepts: DBMS, OOPs, Data Structures & Algorithms, Web & App Development

EXTRACURRICULAR

Heritage Fashion Club
Member *HITK*

- Active participant in ramp walks and fashion events; demonstrates creativity, confidence, and teamwork by bringing innovative styling concepts to life on stage.
